

# Make Manitoba **Sweat Free**

Dear Premier Doer,

As a citizen of Manitoba, I am concerned about the working conditions of the people who make the apparel purchased by the Manitoba government. I want to be assured that my tax dollars are not used to purchase clothing that originates in sweatshops.

I urge your government to adopt a **No Sweat Procurement Policy** requiring suppliers to disclose names and locations of factories and encouraging them to stay within the bounds of fair labour practices while encouraging those who are in violation to comply. A 'No Sweat' policy would ensure that companies which meet or exceed basic labour standards are not unfairly undercut by companies that do not.

As a Manitoban, I am deeply concerned about the human rights and dignity of workers around the world and I want my government's policies to reflect this. Please help **Make Manitoba Sweat Free** soon.

Sincerely,

Name: \_\_\_\_\_

Address: \_\_\_\_\_
