Dear Trustees of our Hamilton Wentworth Catholic District School Board,

We, the student council of _____ (high school) support the proposal made by the NO Sweat Committee of World Youth Day to adopt a “No Sweat” Purchasing Policy. This purchasing policy will require suppliers to disclose the location of the production and to comply with fundamental labour rights.

As Catholics, we have a theological responsibility to make ethical choices. As consumers, we have a right to know about company policies and procedures. As youth, we want to be sure that our clothing is not produced by child labour.

Adopting a “No Sweat” Purchasing Policy would be a living witness of our call as Catholics and Catholic Institutions to be “light of the world and the salt of the earth”.

Sincerely,
